## CUBA IN THE SENATE

Foreign Committee Report Demanding Jules Sanguilly's Release.

### SENATE WANTS LEE'S LETTERS.

William J. Bryant Pays a Visit to the House and Is Given a Warm Welcome. Civic Division of the Great Inaugural Parade—Ball Tickets Being Rapidly Sold—Other Washington News.

WASHINGTON, Feb. 25.—Attention was recalled to the Cuban question in the senate yesterday by the presentation of three resolutions on that subject. One of these came by unanimous vote from the committee on foreign relations and called for the immediate and unconditional release of Julio Sanguilly, held at Havana. Mr. Morgan, who reported the resolution, will endeavor to secure action on it today. Another resolution by Mr. Allen (Neb.) calls on the president to effectively protect American citizens in Cuba, and for that purpose to send battleships to Cuban waters. This resolution also, comes up today. A third resolution by Mr. Hill (N. Y.), was agreed to, requesting the secretary of state for all correspondence with Consul General Lee relative to Americans imprisoned in Cuba.

A senatorial episode occurred late in the day, during the consideration of the Indian bill. Several of the New England senators had criticized various items. This aroused Mr. Pettigrew (S. D.) in charge of the bill, to some caustic recitals of barbarities practiced against Indians in Massachusetts in the early days. Mr. Hoar (Mass.) defended his state, and amid impressive silence arraigned Mr. Pettigrew, a New Englander by birth, for "befouling the nest in which he was born."

Little progress was made on the Indian bill, and Mr. Allison warned the senate that the status of appropriation bills was most dangerous. Beginning today the senate will sit until 12 p. m.

#### WILLIAM JENNINGS BRYAN.

The Late Democratic Presidential Candidate Visits the House.

WASHINGTON, Feb. 25.—The feature of the session of the house yesterday was the appearance of William Jennings Bryan, late Democratic candidate for president, on the floor. He had come to the city to attend a dinner given in his honor by John R. McLean of the Cincinnati Enquirer, and as an ex-member was entitled to the privilege of the floor. He came into the hall with Mr. McMillin of Tennessee, Mr. Maguire of California, Mr. Salzer of New York and ex-Congressman George Fred Williams of Massachusetts. His presence soon became noised about, however, and the Democratic members deserted their seats and hurried back to greet him. After a few minutes he walked calmly down the aisle to his old seat near the center aisle. The Democrats gave him a round of hearty applause. He was surrounded on all sides. Many of the Republicans joined in the welcome to their old colleague.

Most of the day was devoted to District of Columbia business. The committee on the bill to define the rights of the purchasers of the Atlantic and Pacific railroad under the foreclosure sale was adopted.

#### INAUGURAL PREPARATIONS.

Twelve Thousand Men Will Be in the Civic Division of the Parade.

WASHINGTON, Feb. 25.—The civic division of the inaugural parade will approximate 12,000 men in it, one of the main features being the large number of bands which will lead the different organizations. It is estimated that there will be 1,200 musicians in the civic division alone. Seventeen states will be represented by clubs and organizations. Chairman Bell visited the white house yesterday and made arrangements for the customary call of the president-elect upon the president. The former will visit Mr. Cleveland at the executive mansion at 11 o'clock on the morning of March 3, and if Mr. Cleveland follows precedent will return the call an hour later and visit Major McKinley at the Ebbitt house.

Inaugural ball tickets are being rapidly disposed of, and the record shows that a larger number have been disposed of at this time before the inauguration than ever before on a similar occasion.

#### FAVORS A CHARTER.

Banking Committee's Report on the International American Bank.

WASHINGTON, Feb. 25.—The last meeting of the house committee on banking and currency was held yesterday, and the committee decided to report to the house the bill for the incorporation of the International American bank.

The incorporators named in the bill include Cornelius N. Bliss, T. Jefferson Coolidge, Andrew Carnegie, John E. Hanson of Georgia; Charles R. Flint of New York; Enoch Pratt of Maryland; H. G. Davis of West Virginia; P. D. Armour of Illinois; M. M. Estee of California; James S. Clarkson of Iowa and Charles H. Turner of Missouri. The capital stock of the bank provided for in the bill is \$5,000,000, its corporate existence is to be 30 years, it is authorized to do a general banking business and to maintain not more than eight branches in the United States.

Increased the Appropriation. WASHINGTON, Feb. 25.—The senate committee on appropriations has completed its consideration of the postoffice appropriation bill. The committee recommends a net increase of \$300,000 over the expenditure provided for by the bill as it passed the house, making a total of \$95,855,858.

#### PRESIDENT-ELECT.

Major McKinley Did Not Pass a Comfortable Day Yesterday.

CANTON, O., Feb. 25.—The president-elect did not pass a comfortable day yesterday. Late last night Dr. Phillips reported that Major McKinley did not have the slightest trace of fever from the grip. He took a drive late yesterday and also a short walk. Major McKinley thinks he will be perfectly well in a day or two, although the headache and lassitude of the grip clings to him. The newspaper correspondents who have been in Canton during the last year were tendered a banquet last night at the Hurford House. Responding to an invitation to be present Mr. McKinley wrote:

CANTON, O., Feb. 25. Gentlemen of the Press: Your kind invitation to be present at your farewell dinner has been received but it is impossible for me, for once, to comply with your wishes. Accept my cordial regards and earnest desire for your present and future happiness, prosperity and health.

Whatever have been my embarrassments of the year, during the campaign or after, since first our acquaintance and associations began, I cheerfully bear witness to your uniform courtesy and consideration and especially to your great industry in the work devolving upon you. The life of the newspaper man is always busy and I know you will make it useful and elevating, so far as in you lies.

Wishing you a pleasant evening and believing you will carry to your homes many kind recollections of Canton and her hospitable people, I am, very truly yours, WILLIAM McKINLEY.

#### LEE'S BLOOD BOILS.

Reported Interview With the Consul General to Cuba.

NEW YORK, Feb. 25.—The Havana correspondent of The Times says: General Lee in discussing his course in connection with the arrest of the Americans, said: "I am under orders from Washington and I must obey instructions from headquarters. The department authorizes me to act a certain way, and I but carry out my orders. I came here unprejudiced and determined to form my opinions by what came directly under my observation."

"From the moment I landed my American blood began to boil, and if I stay much longer and am forced to witness all the indignities heaped upon my countrymen without restraint, it will literally all boil away. They trample on our flag, hiss us on the streets, Americans are murdered, robbed and imprisoned; indignities are heaped upon our women, and every atrocity conceivable for a Spaniard to put on an American is thrust upon us."

#### CLOSED ITS DOORS.

German-American Bank of Tonawanda, N. Y., Insolvent.

ALBANY, N. Y., Feb. 25.—The German-American bank of Tonawanda was closed yesterday by order of Superintendent of Banks Milburn, on the ground of insolvency. A run on the bank was begun on the reports of its shaky financial condition. A great crowd collecting in front of its doors. Within half an hour the doors of the bank were closed. Walter Ayrault, assistant cashier, made a statement that the shut down was only temporary and that the bank would reopen.

#### FIRST IN CENTURIES.

DETROIT, Feb. 25.—Grand officers of the Knights Templars of two countries met last night for the first time in the history of modern templars. The occasion was a reception tendered by Detroit commandery, Knights Templar, to officers of the Sovereign Great Priory of Canada and of the Grand Encampment and Grand Commandery of the United States. Death Due to a Horse's Bite. JACKSONVILLE, Ills., Feb. 25.—Last November while Mrs. Margaret Watson was passing along the street a horse bit her on the "muscle" of one of her arms and threw her down with such force that she was killed. The body was found on the stone sidewalk as to fracture her skull, and in examination with X-rays gave evidence of clots of blood on the brain. She has just died from the effects of her injury.

Alger Gone to Washington. DETROIT, Feb. 25.—General Russell A. Alger, the newly appointed secretary of war, left for Washington last night to prepare to begin his official duties. He was accompanied by Mrs. Alger and his daughter, who will get settled in their temporary home before the events of the inauguration.

Scott Jackson Said to Be Writing a Confession.

### HIS MOTHER TO VISIT BRADLEY.

Wants Ten Thousand Dollars to Tell Where Pearl Bryan's Head Is—Indianapolis Man Writes a Letter to Bradley—Kentucky's Governor Will Not Grant Interviews Regarding Pardons.

COVINGTON, Feb. 25.—That Scott Jackson has a confession to make and that he will make one and that within a fortnight there is now no room to doubt. There is a condition attached, however, a pecuniary one, which must be fulfilled ere the confession is made. It was in connection with this that his attorney, L. J. Crawford, had such a long talk with him the other day, and it is also thought that his mother is cognizant of the arrangement. As to the consideration wanted, it comes from a source not to be doubted that Scott Jackson wants \$10,000 to tell where Pearl Bryan's head is and how and where she came to her death.

It has been hinted for some time that Jackson has some one on the outside with power to make a deal and to make all arrangements for a confession and how it would be delivered. Mrs. Jackson has complained that she is not allowed to speak of her son in private, there always being a guard present to overhear the entire conversation and to notice their every action. It is not so much to hear what passes between them in regard to language, but it is to prevent any possibility of Jackson coming into possession of any poison or any tools to aid in his escape.

#### Indianapolis Man's Letter.

Jailor Wieghaus opened a letter yesterday addressed to Scott Jackson from a man in Indianapolis. On a piece of letter paper was written: "Please deliver the inclosed to the governor of the state of Kentucky." The inclosed was another letter with the inscription, "To the Governor of Kentucky." The jailer turned the letter over to Jackson's attorney, Mr. Crawford. Mrs. Jackson arrived at the jail yesterday and in the presence of one of the guards held a long and earnest conversation with her son.

Alonzo Walling also received a letter yesterday containing a cabinet photograph of a handsome young lady.

Scott Jackson's mother will visit Governor Bradley next week to make an appeal for the life of her son. She will be accompanied by one or two of her Newport friends, and possibly by Mrs. Post, Jackson's sister, who lives in Greencastle. It is believed that she intends and is able to make more than a simple appeal, and it is possible that her son has given her information concerning the crime which is known to no one else.

#### Will Not Be Granted an Interview.

FRANKFORT, Ky., Feb. 25.—Governor Bradley does not at present intend to give Mrs. Jackson a personal interview. He said that he had established a rule that applications for pardons should be made by mail and this rule was to be strictly enforced in all cases. The governor was asked if Jackson should make a confession exonerating Walling what he would do.

"That is later on," said the governor, "and would depend on the nature of the confession. I would have to be convinced of his innocence."

The McCrory Guards of this city will probably be selected as one of the companies of troops which will go to Newport March 20 to assist Sheriff Plummer in preserving order. They will be under command of Colonel E. H. Gaither, colonel commanding Second regiment.

CAIRO, Ills., Feb. 25.—An unknown person attempted to assassinate Tellis Miller at Wetang. Clinton F. Weathers.  
Charles Henry, the boilermaker, has  
been summoned to Seymour and Vin-  
cennes, to do work in his line. He left  
this morning for the former city.—  
Madison Courier.

Judge Applewhite, a pioneer citizen  
of Brownstown, stopped off here be-  
tween trains a few days ago, to look up  
some of the old landmarks. He made  
inquiry for the old Jones house and for  
B. B. Jones.—Columbus Times.

A tired stomach is very much like a  
sprained ankle. If you suffer from any  
of the symptoms of dyspepsia, your  
stomach is tired. It needs a crutch.  
We must relieve it of all work for a  
time, or until it is restored to its natu-  
ral strength. To do this successfully,  
we must use a food which is already di-  
gested outside of the body, and which  
will aid the digestion of other foods  
that may be taken with it. Such a pro-  
duct is the Shaker Digestive, Cordial.  
The Shakers have utilized the digestive  
principles present in plants for the man-  
ufacture of this article, and its success  
has been truly phenomenal. You can  
try it for the nominal sum of 10 cents  
as sample bottles are sold by all drug-  
gists at this price.  
Laxol is the best medicine for child-  
ren. Doctors recommend it in place  
of Castor Oil.

## FOUND.

The Body of Clint F. Weathers at 2  
O'clock This Afternoon.

At two o'clock this afternoon the  
body of Clinton F. Weathers was found  
in the river about 150 yards below  
where he was drowned. L. H. Bals-  
ley and John Smith were in a skiff  
and dragging the river. The hook  
in the hands of Balsley caught in  
the clothing of the drowned man and  
brought him almost to the surface, but  
the hook broke and he sank again. An  
hour later the body was found a  
hundred yards further down the  
river in water no more than three feet  
deep and was lifted into the  
boat and taken ashore and brought  
to this city at 4 o'clock.  
The body is now at Husted's morgue  
being prepared for burial.

TO HIGHEST BIDDER

Scott Jackson Said to Be Writing a Confession.

HIS MOTHER TO VISIT BRADLEY.

Wants Ten Thousand Dollars to Tell Where Pearl Bryan's Head Is—Indianapolis Man Writes a Letter to Bradley—Kentucky's Governor Will Not Grant Interviews Regarding Pardons.

COVINGTON, Feb. 25.—That Scott Jackson has a confession to make and that he will make one and that within a fortnight there is now no room to doubt. There is a condition attached, however, a pecuniary one, which must be fulfilled ere the confession is made. It was in connection with this that his attorney, L. J. Crawford, had such a long talk with him the other day, and it is also thought that his mother is cognizant of the arrangement. As to the consideration wanted, it comes from a source not to be doubted that Scott Jackson wants \$10,000 to tell where Pearl Bryan's head is and how and where she came to her death.

It has been hinted for some time that Jackson has some one on the outside with power to make a deal and to make all arrangements for a confession and how it would be delivered. Mrs. Jackson has complained that she is not allowed to speak to her son in private, there always being a guard present to overhear the entire conversation and to notice every action. It is not so much to hear what passes between them in regard to language, but it is to prevent any possibility of Jackson coming into possession of any poison or any tools to aid in his escape.

Indianapolis Man's Letter.

Jalier Wiegman opened a letter yesterday addressed to Scott Jackson from a man in Indianapolis. On a piece of letter paper was written: "Please deliver the inclosed to the governor of the state of Kentucky." The inclosed was another letter with the inscription, "To the Governor of Kentucky." This Jalier turned the letter over to Jackson's attorney, Mr. Crawford. Mrs. Jackson arrived at the jail yesterday and in the presence of one of the guards held a long and earnest conversation with her son.

Alonzo Walling also received a letter yesterday containing a cabinet photograph of a handsome young lady. Scott Jackson's mother will visit Governor Bradley next week to make an appeal for the life of her son. She will be accompanied by one or two of her Newport friends, and possibly by Mrs. Post, Jackson's sister, who lives in Greencastle. It is believed that she intends and is able to make more than a simple appeal, and it is possible that her son has given her information concerning the crime which is known to no one else.

Will Not Be Granted an Interview.

FRANKFORT, Ky., Feb. 25.—Governor Bradley does not at present intend to give Mrs. Jackson a personal interview. He said that he had established a rule that applications for pardons should be made by mail and this rule was to be strictly enforced in all cases. The governor was asked if Jackson should make a confession exonerating Walling what he would do. "That is later on," said the governor, "and would depend on the nature of the confession. I would have to be convinced of his innocence."

Death Due to a Horse's Bite.

JACKSONVILLE, Ills., Feb. 25.—Last November while Mrs. Margaret Watson was passing along the street a horse bit her on the "cure" pitching couldn't be done; then the pitchers did it; and the scientists concluded that something was wrong with the diagrams. In fact of facts some scientific "certainties" become mighty uncertain. Consumption, scientists once declared, was incurable; now they see it cured every day by Dr. Pierce's Golden Medical Discovery. It purifies and vitalizes the blood; drives out the poisonous elements; supplies the life-giving red corpuscles; stops the accumulation of morbid deposits; heals and builds up the long tissues; puts good fresh nerve-force and vital energy. It is the most perfect cure ever discovered for throat and bronchial affections, wasted, run-down conditions, and all diseases due to impoverished blood.

It has over three hundred illustrations and colored plates. A strong paper-bound copy will be sent absolutely free on receipt of 25 cents in one-cent stamps to pay the cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y. A handsome cloth-bound, beautifully stamped copy will be sent for 31 cents.

CUBA IN THE SENATE

Foreign Committee Report Demanding Jules Sanguilly's Release.

SENATE WANTS LEE'S LETTERS.

William J. Bryant Pays a Visit to the House and Is Given a Warm Welcome. Civic Division of the Great Inaugural Parade—Ball Tickets Being Rapidly Sold—Other Washington News.

WASHINGTON, Feb. 25.—Attention was recalled to the Cuban question in the senate yesterday by the presentation of three resolutions on that subject. One of these came by unanimous vote from the committee on foreign relations and called for the immediate and unconditional release of Julio Sanguilly, held at Havana. Mr. Morgan, who reported the resolution, will endeavor to secure action on it today. Another resolution by Mr. Allen (Neb.) calls on the president to effectively protect American citizens in Cuba, and for that purpose to send battleships to Cuban waters. This resolution also, comes up today. A third resolution by Mr. Hill (N. Y.), was agreed to, requesting the secretary of state for all correspondence with Consul General Lee relative to Americans imprisoned in Cuba.

A senatorial episode occurred late in the day, during the consideration of the Indian bill. Several of the New England senators had criticized various items. This aroused Mr. Pettigrew (S. D.) in charge of the bill, to some caustic recitals of barbarities practiced against Indians in Massachusetts in the early days. Mr. Hoar (Mass.) defended his state, and amid impressive allusions arranged Mr. Pettigrew, a New Englander by birth, for "befooling the nest in which he was born."

Little progress was made on the Indian bill, and Mr. Allison warned the senate that the status of appropriation bills was most dangerous. Beginning today the senate will sit until 12 p. m.

WILLIAM JENNINGS BRYAN.

The Late Democratic Presidential Candidate Visits the House.

WASHINGTON, Feb. 25.—The feature of the session of the house yesterday was the appearance of William Jennings Bryan, late Democratic candidate for president, on the floor. He had come to the city to attend a dinner given in his honor by John R. McLean of the Cincinnati Enquirer, and as an ex-member was entitled to the privilege of the floor. He came into the hall with Mr. McMillin of Tennessee, Mr. Maguire of California, Mr. Sulzer of New York and ex-Congressman George Fred Williams of Massachusetts. His presence soon became noised about, however, and the Democratic members deserted their seats and hurried back to greet him. After a few minutes he walked calmly down the aisle to his old seat near the center aisle. The Democrats gave him a round of hearty applause. He was surrounded on all sides. Many of the Republicans joined in the welcome to their old colleague.

Most of the day was devoted to District of Columbia business. The conference report on the bill to define the rights of the purchasers of the Atlantic and Pacific railroad, under the foreclosure sale was adopted.

INAUGURAL PREPARATIONS.

Twelve Thousand Men Will Be in the Civic Division of the Parade.

WASHINGTON, Feb. 25.—The civic division of the inaugural pageant will approximate 12,000 men in it, one of the main features being the large number of bands which will lead the different organizations. It is estimated that there will be 1,200 musicians in the civic division alone. Seventeen states will be represented by clubs and organizations. Chairman Bell visited the white house yesterday and made arrangements for the customary call of the president-elect upon the president. The former will visit Mr. Cleveland at the executive mansion at 11 o'clock on the morning of March 3, and if Mr. Cleveland follows precedent he will return the call an hour later and visit Major McKinley at the Ebbitt house.

Iron Ore Association.

CLEVELAND, Feb. 25.—The gist of the iron ore producers' meeting was made known yesterday. Rockefeller interests, represented by F. T. Gates of New York urged the continuance of the association by every means and argument at his command. The Minnesota Iron company refused to meet the proposition of Mr. Gates, but at the same time did not especially demand that the pool dissolve. The Norrie mine representatives were in favor of making a low rate regardless of the Mesaba interests.

"Life Is Sweet, But Rest Is Sweeter."

FORTORIA, O., Feb. 25.—Professor George Ryan, who was killed by a train here Monday, left a letter addressed to his landlady giving instructions to be communicated to his friends. The following sentence occurs in the letter: "Life is sweet, but rest is sweeter." There is no doubt now that what was first supposed to be an accident was a case of deliberate suicide.

Hanging From a Door.

JACKSONVILLE, Ills., Feb. 25.—The body of James M. Landreth was found hanging from a door at his residence. Mr. Landreth has been an invalid for years, has suffered intensely, and was so weak he could hardly move without assistance. He was 67 years of age, enlisted in the Third Missouri cavalry during the civil war, and was a prominent member of the G. A. R.

## Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MRS. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidley writes Oct. 25, 1896: "My wife was taken with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she was cured. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

It seems impossible to enact insurance laws that will be satisfactory to all kinds of insurance companies. Each one wants to get some special advantage through legislation.

No one doubts the capability of men whom Governor Mount will appoint as members of the boards of control of the benevolent institutions of the state. The people are not afraid to trust to his judgement in the matter of appointments.

This report that Gomez had slipped in between Weyler and Havana must be true, as even the officially supervised Havana dispatches admit that the rebel general "has placed a force back of Weyler, much to the latter's discomfiture." Gomez says he is going to press the Spanish a little.

Gen. Fitz Lee gives evidence of a patriotic American who believes that American citizens in Cuba have rights which Spanish authorities should be required to respect. In this belief he is not alone. He is not satisfied as Consul General at Havana with the milk-and-water support he is getting from Washington. Neither are his fellow countrymen here at home.

When President-elect McKinley was to a soldier he promised a colored man, named James T. Cheney, in a joke, give him an office, should he ever be President. The major has notified Cheney that the position of doorkeeper of the White House, worth \$1,000 salary and \$2,000 in tips, a year, will be given him. And Cheney's smile is so broadly generous that it is visible on the back of his neck.

Two years ago the state educational institutions declared that they would not ask for special appropriation if the direct tax for their support became a law. The direct tax is levied and yields about \$200,000 annually for these three institutions. Yet they come forward this year and ask the legislature to make them large appropriations just as they have done in former years. They should be held to their own proposition and be required to practice economy.

The Bloomington World says that President Swain is in Indianapolis looking after the interest of the State University. The fact is he has been there a great deal of time since the session of the legislature began. The people who are taxed to pay President Swain a salary of \$5,000 a year are inclined to believe he could serve the university fully as well by remaining in Bloomington the greater part of his time even while the legislature is in session.

Too much important legislation is always left until near the close of the session. This prevents the careful consideration that is always necessary. Mistakes are apt to be made that would not occur if haste did not seem necessary to get through with essential business. Much of the more important legislation could be completed earlier in the session if efforts would be made to that end. This should be done and thus frequently avoid mistakes. No member of the legislature will have any time to waste between now and the day of adjournment.

Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

The bill for an act to repeal the special verdict law passed the house without any serious opposition but it still slumbers under the watchful care of the senate judiciary committee.

The building and loan bill was discussed again in the senate yesterday. After it had about thirty amendments attached it was sent to the committee again with instructions to redraft the bill embodying the amendments. The senate is having a hard time with the bill. There is really need of very little legislation on the subject, but that little is needed badly. The expense fund which sets apart some of the installment for expenses ought to be abolished and the depositor ought to be assured of receiving at least the full amount of his deposits when he withdraws from the association. These are the things which most need to be done and the legislature should not fail to attend to this.

### Condensed Testimony.

Chas. B. Hood, broker and manufacturer's agent Columbus, O., certifies that Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind., testifies that he was cured of a cough of two years' standing, caused by La Grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of Croup, because it instantly relieves. Free trial bottles at W. F. Peter's Drug Store.

### Mine Prospector Found Dead.

LOCKHAVEN, Pa., Feb. 25.—A party of men searching for Ralph Cross, a homicidal mine prospector, who had been missing, found his body beneath a huge pile of clay, which had caved in on him while he was at work. At one time Cross was worth \$100,000. He placed his wealth in his wife's care. She deserted him and ran away with another man, taking his money with her.

### Beaten With a Hammer.

PEORIA, Ill., Feb. 25.—Richard Barry, owner of a forge in this city, protested against the drinking habits of John Meyers, his helper. Meyers became violently abusive and picked up a 2-pound hammer and struck Barry a blow back of the left ear, which instantly killed him. The deceased leaves a widow and one child. Meyers was at once arrested.

### Distillers Combine.

LOUISVILLE, Feb. 24.—Within a few days the Kentucky distillers will hold another meeting to consider the proposition of August Belmont & Co., make a week ago, to finance the consolidation of 51 Kentucky distilleries to the amount of \$15,000,000. Sentiment among the distillers favors the proposition.

### Papermakers Meet.

NEW YORK, Feb. 25.—The midwinter meeting of the American Paper Manufacturers' association was held yesterday at the Waldorf hotel. The association is composed of papermakers from all sections of the country, representing book, news, wood pulp, chemical fibres and all other interests.

### Murderer's Body Found.

TYNDALL, S. D., Feb. 25.—The body of the murderer of Anton Sheep and his bride, killed a week ago, has been found. He was Frank Bend, a neighbor, and after killing the Sheeps he drove away and shot himself. He was found on the return of his team.

### Swam the River in Safety.

MUNCIE, Ind., Feb. 25.—A team of horses hitched to a delivery wagon belonging to Ollie Baldwin ran away and swam the river, which is very high and nearly out of its banks, going to their stable.

### Will Not Adjourn.

SPRINGFIELD, Ill., Feb. 25.—The Illinois legislature will not adjourn during the inauguration of President McKinley at Washington. The matter was decided by the house by a vote of 100 to 19.

### Weather.

Indiana and Illinois—Fair, followed by cloudy and threatening in southern portions.  
Ohio—Fair except on the lakes, local snows and partly cloudy weather; colder tonight.  
A Different Case.  
The artist had a worried look on his face. He painted out his work many times and labored on with a patient determination which surprised his friend. "You seem to have reformed your method," he was the comment which his extraordinary case evoked.

"You mean I am taking more pains than usual with this picture."  
"Yes."  
"Well, I have to. This isn't any masterpiece that I can do just as I please with. It's a pot boiler, and it brings in money."—Washington Star.

## IF.

What to me are worlds of splendor  
If the splendor of thin eyes  
Gaze not in the depths of mine, love,  
Where thy image lies?

What are days without thy presence,  
What the nights without thy care,  
What to me are joys of heaven  
If thou art not there?

Passion's kiss on red lips dieth  
If the red lips' kiss is cold,  
Scent's the lily's perfume  
Till the buds unfold.

There can be no strain of music  
Till the player touch the chord  
And the master's thought is silent  
Till it finds the word.

Worlds would darken into ruin  
If the sun should cease to shine,  
What are life and love to me, then,  
If bereft of thine?

—Emily Selinger in Boston Transcript.

## SPOONS.

The Date of Their Origin Unknown, They Are So Very Ancient.

If you desire to know about the scarcity of really reliable data on the history of spoons, take down your handbooks and encyclopedias and see if it doesn't take you a long while to learn anything concerning their origin, "nativity," etc. In fact, the antiquarians do not pretend to give us anything of value in that line. It is admitted that they are "very ancient," but just exactly how old they are and by whom and where they were first used are points upon which we are left completely in the dark. Creighton says, "Spoons must have been a very ancient invention, for a Saxon spoon of perforated silver gilt, ornamented with gems, was found in a grave at Sarre, Thane."

When forks were unknown, spoons played a very important part at the table. Spoons of the thirteenth century, and even later, had handles terminating in a knob, knot, acorn or other odd and cumbersome devices. About the period of the restoration, of which so much is said in English history, a great change was made in the forms of spoons. In some of the unique patterns the "spoon" part was divided into two, three and even four parts, and the handle always split or twisted and turned up instead of down and back. Spoons of that period were all blunt instead of being pointed as in the forms generally seen at present. They continued short and blunt down to the time of George I, when they were first made pointed and had the handles turned down instead of up.

About the year 1500 what were known as "apostle spoons" were introduced. They were so called because they had the figures of the 12 apostles carved upon their handles. They were generally given by sponsors to children at their time of baptism. The wealthy presented the entire 12, those who could not afford to indulge in such extravagance giving one or more, according as they felt able.

The most curious and remarkable spoon in the world perhaps is a "coronation spoon," preserved among the other royal relics in the tower of London. The bowl is of gold and the handle of silver. The handle is split down the middle and set with all kinds of precious stones. The relic is valued at about \$30,000, or upward of \$100,000.—St. Louis Republic.

## China.

The Matchoorian has always been aware that there were large deposits of coal "in his midst," but he used to imagine that they were under the control of evil spirits, and he therefore would not touch them himself nor allow any one else to. A good deal of that old nonsense has been brayed out of him by recent events—the war and the practical enterprise of the Russians in his territory—and the fields are now being opened. They are abundant and are found all over the country and will have the most important influence in its development. The climate, soil and geographical situation of Manchuria are favorable to the maintenance of a large, enlightened and progressive population, the root of which, in many races interblended through many ages, is already there. With a Russian railroad running through the country and Port Arthur as the outlet and inlet of its commerce, a new chapter of its history will be opened, and the humdrum career which it has pursued since the days of Kublai Khan, and as much further back as anybody wishes to go, may merge into a more active and enterprising one, giving her a new status in the world and a new relation to its affairs.—New York Tribune.

## Religions in New Zealand.

The New Zealand Gazette gives the census tables dealing with "Religions of the People." Out of 703,360, the total population, 702,238 gave answers on the census forms. The Episcopalians numbered 281,166; the Presbyterians, 159,952; Methodists (of all kinds), 78,000; Roman Catholics, over 97,000. The other sects come far below these figures. Unitarians number 875. "Our Father's Church" numbers 80. There is an "esoteric Christian," one "saved by Grace" and one "Christian freethinker." One is a "Bible freethinker," there is one "believer in his Maker," there is one "positivist," one "nativist," one "trinitist" and one "heathen." Nearly 16,000 objected to state their position.

## A Sudden Change of Mind.

She—Does my refusal really pain you?

He—Yes, it does. I was so sure you would tell me "Yes" I actually wavered \$100,000 that you would marry me. "A hundred thousand dollars? Well, I was only joking. When shall it be, dear?"—Boston Traveller.

## A GOOD LETTER

From the Clerk of the Circuit Court.

FERNANDINA, Fla., Feb. 28, 1896  
Mr. J. GEORGE SCHREER, Druggist, City.

Dear George.—Please send for a bottle of Chamberlain's Cough Remedy. I would not feel easy if I knew there was none of this valuable Remedy in the house. I have given it a fair test and consider it one of the very best remedies for croup that I have ever found. One dose has always been sufficient although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.

Yours Respectfully, GEO. E. WOLFE.

Sold by C. W. Milhous, Druggist.

## APPROPRIATION BILL

Long Delayed Measure Finally Introduced in the House.

BUILDING AND LOAN MEASURE.

Country School Janitor Bill Passed. Thomas Commission For the Revision of the Statutes Slips Through by a Small Margin—Local Option Law Killed by the Committee.

INDIANAPOLIS, Feb. 25.—Neither branch of the legislature accomplished anything of very large importance on Wednesday. The senate recommitted the building and loan bill and passed six minor bills, the most important of which was one providing that 10 cents per day shall be paid for janitor service in country schools. Then it passed under suspension of the rules the cautious measures putting the benevolent institutions into the hands of non-partisan boards of three and amending the Fort Wayne charter.

The house passed a few bills Wednesday. The first handed down was the Littleton bill repealing the apportionment of 1885. Mr. East raised objections to the bill and it was passed by a strict party vote of 51 to 42. Mr. Thomas' bill providing for a commission to make a revision of the statutes, which failed a few days ago for want of a constitutional majority was handed down and had a narrow escape this time the vote being 51 to 37. It provides for five commissioners to be appointed by the governor at \$500 each with \$2.00 per day for each clerk hired.

Mr. Willoughby's bill legalizing the acts of Knox county commissioners in selling certain real estate was passed without objection. Senator McCord's insurance bill repealing the old laws and fixing a penalty of 10 per cent upon home companies failing to adjust and pay losses within 60 days was passed by a unanimous vote of 50. Mr. Monahan's bill to change the term of court in Jackson, Washington and Orange counties was passed.

The medical bill was special order on second reading, and, after amendment, was ordered engrossed. Mr. Reynolds' local option bill was killed by a heavy majority. The temperance committee handed in a report for the indefinite postponement of the bill. The report was adopted by a vote of 67 to 25. The ways and means committee introduced the appropriation bill, which was ordered printed.

## APPROPRIATION BILL

Some Institutions Cut and Others Receive an Increase.

INDIANAPOLIS, Feb. 25.—The appropriation bill was completed by the ways and means committee Wednesday and introduced in the house, and 400 copies were ordered printed. The appropriations for the state departments are characterized by numerous increases of a small nature. In the governor's office the clerk and messenger each get \$800 per year. The quartermaster general gets \$1,000, instead of \$600. In the auditor of state's office the settlement clerk gets \$1,200 per year. The auditor's office is also given \$1,500 per year and expenses for a traveling deputy. In the attorney general's office the stenographer is given a raise of \$150 per year. The rest of the stenographers in the state house get \$600 per year.

Upon the maintenance funds of the state institutions the bill cuts that of the Central Insane hospital from \$240,000 to \$225,000, that of the northern hospital from \$90,000 to \$87,500, that of the eastern hospital from \$60,000 to \$55,000, that of the Soldiers' Orphan home from \$90,000 to \$85,000, that of the prison south from \$85,000 to \$80,000 and that of the prison north from \$100,000 to \$85,000. The southern hospital is raised from \$70,500 to \$82,000 and that of the feeble-minded school from \$70,000 to \$75,000. In specific appropriations the prison north is given \$52,000, the prison south \$44,500, the state soldiers' home \$49,355, the Central Insane hospital gets \$21,200. The educational institutions get their maintenance funds from a special tax levy but Purdue is given \$5,500 per year for repairs and specific appropriations amounting to \$15,000, the State University is given \$5,000 and the State Normal \$10,000.

## Two-Cent-a-Mile Bill Killed.

INDIANAPOLIS, Feb. 25.—The house, after a warm discussion lasting three hours Wednesday, killed East's bill requiring railroads to make a rate of two cents per mile. The majority report of the railroad committee killing the bill was adopted by a vote of 51 to 33.

## CHARGED WITH FORGERY.

Ex-Deputy Auditor Frank Dills Placed Under Arrest.

BUTLER, Ind., Feb. 25.—Another sensation was sprung in the Dekalb county shortage late yesterday by the arrest of ex-Deputy Auditor Frank Dills of Auburn on the charge of forging a county order. His mother went his bail. Mr. Dills has been in the auditor's office for a number of years.

## Farmer Reeves Found.

FOWLER, Ind., Feb. 25.—John Reeves, who left his home last Sunday to go to a neighbors to pay off a note, has been found. He became insane as soon as he left home or before and had been wandering over the prairies. He was found by a huckster two miles east of Fowler. He appeared incoherent at the time. When the hack reached Fowler he was dead.

## Strike Still On.

ANDERSON, Ind., Feb. 25.—The striking employees at the Lippincott lamp-chimney works are still out, and the indications are not favorable for a settlement very soon. It is not improbable that a court of appeal or arbitration will have to be established.

## The Fact That Doctors

Frequently advise change of air and climate to those suffering from catarrh is proof that catarrh is a local and climatic disease. Therefore, unless you can leave home and business, you should use Ely's Cream Balm. ## FOUND.

The Body of Clint F. Weathers at 2  
O'clock This Afternoon.

At two o'clock this afternoon the  
body of Clinton F. Weathers was found  
in the river about 150 yards below  
where he was drowned. L. H. Bals-  
ley and John Smith were in a skiff  
and dragging the river. The hook  
in the hands of Balsley caught  
in the clothing of the drowned man and  
brought him almost to the surface, but  
the hook broke and he sank again. An  
hour later the body was found  
a hundred yards further down the  
river in water no more than three feet  
deep and was lifted into the  
boat and taken ashore and brought  
to this city at 4 o'clock.

The body is now at Husted's morgue  
being prepared for burial.
